SUMMARY OF INFORMATION

The target area is a Soviet complex which consists of several structures. The complex itself has a dual function.

The issue of specific interest is a silver object that uses a light laser to track space vehicles and missiles.

The information can also be used as an intelligence tool to assist tactical forces.

The laser is projected in a straight line.

The name "Slegelar/Slezwgar" phonetically surfaced during the course of this session. *(associated with the project)*
